4. NOTABLE FEATURES, HISTORICAL SIGNIFICANCE AND DESCRIPTION OPEN TO PUBLIC <u>No</u>  <p>North of Rt. 40 and close to Little Elk Creek stands a late 18th century brick house which presently is in poor condition. It is three bays long, two stories high, two rooms deep and has a two story wing with a second story porch, the base being brick and the second story frame. The small portion of brickwork visible where a porch has been removed is laid in Flemish bond. Basement grills are of horizontal bars and the brick structure sits upon a stone foundation. The sash are 6/6 on both floors and the frames appear to be early. There is a wooden box cornice which returns upon itself at the ends and may be indication of a pent eave. Above the roof of the wing on the east gable, the brick is laid in common bond with glazed headers, forming black bands as at Crooked Intention in Talbot County</p>
